ARL to Host Rabies/Microchip Clinic

Appointments required for event open to Dedham-area pet owners

On Saturday, June 5, from 9 a.m. to 2 p.m., the Animal Rescue League of Boston's (ARL) Dedham Animal Care and Adoption Center, located at 55 Anna's Place, will host a rabies and microchip clinic for dog and cat owners in the Dedham area.

Due to the Covid-19 pandemic, ARL's Dedham location was unable to offer the annual clinic in 2020 and is excited to once again be able to offer this important service.

Massachusetts law requires dogs and cats to have up-to-date rabies vaccines, and the cost for the vaccine will be \$10, and an additional \$20 for microchips.

Appointments are required for the clinic, and Covid-19 screening questions and instructions will also be addressed during the registration process.

To register for the clinic, click the link below:

ABOUT THE ANIMAL RESCUE LEAGUE OF BOSTON:

The Animal Rescue League of Boston (ARL) is an unwavering champion for animals in need, committed to keeping them safe and healthy in habitats and homes. Founded in 1899, ARL provides high-quality veterinary care, adoption, and rescue services; while also confronting the root causes of animal cruelty and neglect through innovative community programs, police investigations, and public advocacy. In 2020, ARL served nearly 17,000

animals throughout Massachusetts. ARL is a non-profit 501(c)3 organization. The Animal Rescue League of Boston does not receive government grants or public funding (with the exception of limited COVID-19 relief funding) and relies on the generosity of our supporters to help animals in need. For more information please visit us online at arlboston.org; and be sure to follow us on [Facebook](#), [Twitter](#), and [Instagram](#).
