When: Monday, November 15 @ 9:00 a.m.

Where: Fall River Fire Museum, 1181 N. Main St., Fall River, MA

It's the third year in a row ARL has hosted the clinic in collaboration with MAF and Fall River Animal Control. The surgeries are under the MAF voucher program, which distributes vouchers to qualifying low-income pet owners to cover the cost of the important procedure.

Due to high demand and Covid-19-restrictions, many clients have been on a waiting list for a number of months to have their pets spayed or neutered, and ARL is pleased to once again be providing this vital service that's greatly needed in the Fall River Community.

"Fall River is already a struggling community, but since the pandemic, it seems as if getting spay/neuter services has proven to be even more difficult," said Cynthia Beard, Fall River Animal Control Officer. "People contact us daily, asking for funds. Many are out of work and

our homeless community is growing. We are stretching every dime and our veterinarians are donating time and services more than ever.”

Clients will begin arriving with their animals around 8:30 a.m. and will be picking up their animals in the afternoon following surgery and recovery time.
