Update: ARL Collaborates with Randolph Police to rescue 24 Dogs From Randolph Residence

One dog still looking for new home

In early-August, the Animal Rescue League of Boston's (ARL) Law Enforcement Department collaborated with Randolph Police to rescue 24 dogs living in unsanitary conditions from a private residence. The dogs were removed from the home, and the previous owner has been charged with two dozen counts of animal cruelty.

Of the 20 puppies and 4 adult dogs, all have found loving homes -- with the exception of Benjamin, a 2-year-old male Pitbull-type dog.

When Benjamin arrived at ARL, staff noted that while extremely friendly, the young dog lacked socialization, focus, and basic manners. He was excitable, jumpy/mouthy, and reactive to walking on a leash. Over the past two months, ARL's behavioral staff and volunteers have worked extensively with Benjamin, and he has made tremendous strides maintaining focus and working on his manners.

ARL is looking forward to finding Benjamin his new home and is committed to providing behavioral council and advice for his new family once he's home. To see Benjamin's profile click here!

Original Release:

RANDOLPH, MA -- On Wednesday, Aug. 4 at approximately noon, Randolph Police officers responded to a home on Bossi Avenue after receiving a report that a male resident at the home had threatened a person who was doing work at the residence.

Upon arrival, officers spoke with the suspect, later identified as URIE LOUISSAINT, AGE 28, OF RANDOLPH, who consented to a search of his home. Officers entered the home and found its interior to be in a state of squalor with animal waste throughout.

Inside the home, officers located four adult dogs and 20 puppies allegedly living in unsanitary conditions without adequate access to food and water.

The Animal Rescue League of Boston's Law Enforcement Department was immediately contacted and responded to the scene, coordinating with ARL Field Services to remove the dogs and transport them to ARL's Dedham Animal Care and Adoption Center.

In all, one male and three female dogs that are approximately two to four years of age, and 20 puppies ranging from two to four months old -- all believed to be Pitbull-type dogs -- were removed from the home. ARL's shelter medicine team has examined the dogs.

One puppy, a 4-month-old male, was determined to have a broken leg and will remain in ARL's care until healed. Umbilical hernias have been detected in some of the dogs, which will require surgery before adoption and some of the animals have heart murmurs.

"The Animal Rescue of Boston cannot commend Randolph Police and Animal Control enough," stated ARL Law Enforcement Senior Investigator Lt. Alan Borgal. "Everyone involved in this situation demonstrated a high level of professionalism, compassion and the steadfast commitment to removing these animals from the residence quickly and getting them the care they needed."

Randolph Police Commander Robert Emerson said, "We are pleased to have been able to remove these animals from the poor conditions they were living in. I would like to thank the ARL Law Enforcement and Field Services teams for their quick response and assistance at the scene, as well as the shelter medicine teams and foster care network for their dedication to caring for the dogs. I would also like to praise our responding officers who were called to the house on an unrelated issue and noticed that the situation the animals were living in was not acceptable."

LOUISSAINT was charged with 24 counts of Animal Cruelty and one count of Threats to Commit a Crime. He was issued a summons to appear in court and will be arraigned at a later date at Quincy District Court.

ABOUT THE ANIMAL RESCUE LEAGUE OF BOSTON:

The Animal Rescue League of Boston (ARL) is an unwavering champion for animals in need, committed to keeping them safe and healthy in habitats and homes. Founded in 1899, ARL provides high-quality veterinary

care, adoption, and rescue services; while also confronting the root causes of animal cruelty and neglect through innovative community programs, police investigations, and public advocacy. In 2020, ARL served nearly 17,000 animals throughout Massachusetts. ARL is a non-profit 501(c)3 organization. The Animal Rescue League of Boston does not receive government grants or public funding (with the exception of limited COVID-19 relief funding) and relies on the generosity of our supporters to help animals in need. For more information please visit us online at arlboston.org; and be sure to follow us on Facebook, Twitter, and Instagram.
