About Us

Impact

These are some of the incredible outcomes made possible for the Cape community in the past 5 years:

Placed **2,557** animals into loving homes

Transported **553** animals to our Brewster Animal Care and Adoption Center from shelters facing pet overpopulation

The Spay Waggin' visited Falmouth **48** times to provide low cost spay/neuter surgery

A Century of Care and Compassion

Over the past century, our programs and services have evolved, reflecting the emerging issues of the day and advancements in veterinary and animal care, law and community needs. **What hasn't changed is our underlying mission; to be a champion for animals keeping them safe and healthy in communities where they live.**

The Animal Care and Adoption Center in Brewster offers services that include admissions and surrender, shelter and care, behavioral assessment, enrichment and adoption.

Our important work extends well beyond our shelter walls. ARL is a resource for the Cape community providing low cost spay/neuter services through the Spay Waggin', free advice through the Pet Behavior Helpline, and serving as a holding facility for stray animals in five of our towns.

Through crisis, ARL and our community have pivoted to offer pet food and supplies and emergency temporary housing for pets.

Our work would not be possible without the support of our Cape Cod community. Thank you!

Why Sponsor

Sponsorship support helps cover the cost of the event and ensures the funds raised go directly to provide veterinary care, adoption, rescue, advocacy, and special law enforcement investigation for animals on Cape Cod when they need it most.

ARL is a non-profit 501(c)3 organization. We rely solely on the generosity of individuals and businesses to support programs and services that help animals and the people who love them. The effects of the pandemic continue to make our work difficult, and your help is needed now more than ever.

Attendees will include members of the local community who represent business, philanthropic, and community leaders who care deeply for animals. We expect between 60 -70 guests to attend in-person at each event and will be offering a live-stream for virtual attendees.
