Did you know... there are no statewide regulations that govern boarding kennels and pet daycare facilities in Massachusetts?

**GET SET TO BOARD YOUR PET:**

The Animal Rescue League of Boston encourages pet owners to do their own research before leaving their pet in the care of a boarding kennel or daycare facility.

1. **Find out safety protocols and licensing.** What is the procedure in the event of a natural disaster or medical emergency? Are there vaccination requirements to ensure the health of all boarded animals? Does the facility have a current kennel license?

2. **Ask for details about supervision and interaction.** What is the experience-level of the person supervising your pet, and are they always on the premises? Are dogs allowed to interact with one another, and are they separated by size/temperament?

3. **Download the Board Safely™ checklist.** When researching potential boarding kennels or daycare facilities for your pet, ask all of the questions on this list and take notes.

**YOU CAN HELP PUSH FOR KENNEL REGULATIONS**

The Animal Rescue League of Boston is actively supporting legislation that would establish regulations within the operation of board kennels and daycare facilities, such as: emergency response training, facility standards, pet supervision and more.
